A big thank you to you and Steve for an enjoyable past few weeks in puppy training classes. Ruby, Mabel and I really enjoyed ourselves and I shall certainly miss it this Friday. We learnt such a lot from this course and look forward to attending the Bronze in the summer months. We met some lovely people and gorgeous dogs and the memories will stay with me for a very long time.

Many thanks and Best Wishes

We bought and tried out the harness and we are really impressed. Fudge tried a few times to twist around and bite it but we ignored this and the walk was really pleasurable for all three of us!  
The lead was slack most of the time, occasionally she pulled but was immediately corrected by the harness tightening on her  
Thanks for the advice

Will and I both really enjoyed the class on Sunday and could not believe how easy you made everything look when you handled him – it reconfirmed that it is us that needs the training  
Thanks for the advice

We were as shocked and absolutely delighted as everyone else that Beau had passed his puppy foundation. We are still working with Beau and he has really cracked his down position as I sometimes get him to do this before giving him his food.

Dogs in training has helped me and my puppy Pip (who is a border terrier) to have fun together and learn many new skills which will help us enjoy our life together as companions and friends forever! (thanks to angela as she has encouraged me and given us confidence  
pip says : Dogs in training is so much fun! I make lots of new friends, receive lots of attention and pick up some great tips to pass on to my owner Harriet.

The lesson last week was excellent as all the lessons have been and Keli is progressing really well.  
I am very grateful for the amazing changes you have helped us achieve in a very short space of time

Thankyou so much Angela for giving that extra time to Sherry to catch up. It was so well worth it for both of us. And a real plus that she interacted so well with you -accepting your' handling' especially over the A frame. She is not good at even being taken for a walk by someone else

She really loved last evening & you brought out the best in her. I will follow up with you sometime about the other training problems we discussed but you gave me a lot of hope . Thankyou

We are both really pleased with how things have turned out, and many thanks to you for all your advice and just being there at the end of the phone. We have some photo's in the camera, so when they are developed I will email you a couple
